DEATH ON THE GALLOWS

This Is the Fate Which Awaits Jesse Cook.

The Slayer of Joe Cannon, the Incentive Being the Old Negro's Money, to Hang February 25th.

In the superior court Tuesday morning Jesse Cook, the young negro man, who shot and killed an old negro named Joe Cannon in this city on the evening of December 21st of last year, was put on trial, convicted by the jury, and sentenced by Judge Fite to hang on Friday February 25th.

The evidence showed that Cook and Cannon had been working together on the Western and Atlantic railroad as section hands, and that on the evening of the murder Jesse Cook went to the home of Joe Cannon, who resided near Cartersville, and told Cannon that the section boss wanted him to come and fix a broken rail near the foundry before the passenger trains arrived. Cannon agreed to go with Cook and help him fix the rail. After getting some distance from Cannon's home, Cook told him he wanted his money which Cannon declined to give him, when Cook pulled up a double barreled shotgun and fired at Cannon. Cook then made his escape and people living in the neighborhood, both white and colored, hearing Cannon's cries for help rushed to him. Upon being asked who shot him, all the witnesses stated that Cannon said: "Jesse Cook shot me for my money." He was then taken to his home and Doctors A. T. Calhoun and Robert J. Soer were summoned. Upon their arrival they found that Cannon had been shot through the abdomen and was in a serious condition. To one of the white people who hurried to the scene upon hearing the shots the old negro reached in his pocket and pulled out his pocket book and handing it to his white friend said: "This is what Jesse shot me for." In his pocket book was found something like twelve dollars. Sheriff Charlie Smith and his de-

THE NEW OPERA HOUSE

The Roof of the Building Is Now On.

Will Be One of the Finest Play Houses in North Georgia—Splendid Theatrical Companies Want Engagements.

The roof on the new opera house building has been raised and exterior work has been progressing rapidly. With a week or so of pleasant weather, work will be rushed to a finish.

The new opera house when completed is going to be one of the finest in north Georgia. The stage will be 47 feet long, 22 feet wide and 28 feet high, and will be capable of accommodating the best attractions on the road. The new theatre will be provided with a gallery and with four boxes, two on each side of the stage. Already the theatre companies are wanting to book engagements for their shows. Last week Contractor McDuffie received a 'phone message from a theatrical manager in a nearby city wanting to know if he could play the last three nights of the past week in this city. Mr. McDuffie informed him that he was quite sorry but he had not finished putting on the roof.

Mr. McDuffie in talking with a reporter of the News yesterday stated that Mr. Smith had not yet leased the theatre, that several parties here and in other cities were seeking the lease, but that the lease would not be closed until the house had been completed. He stated that February 25th would be the opening night and that a splendid company had been booked by Mr. Smith for that night, announcement of which will be made later.

THE JANUARY TERM OF THE SUPERIOR COURT

Judge Fite Delivers Able Charge to the Jury—Murder Case Tried—A Three Weeks Session.

DR. W. H. FELTON.

Tribute to Veteran Preacher, Statesman and Farmer By Brother Farmers.

For a number of years this club had the great pleasure of having Dr. Felton as one of its active and most appreciated members. Wise in counsel, genial in fellowship, fervent in expression on the subjects having consideration, his membership was ever beneficent. Advancing age and feebleness caused him to retire actively from us.

He has been called up higher and will meet no more with us here. We desire to express our sincere grief and sorrow for the loss to our people of this great and good man, for in fullest sense he was all that this implies. The pure noble life that he lived for more than sixty years here with our people has been an inspiration to us. Some of our members who have been his companions and guided by his teachings for all these years, feel that they have been especially blessed. All who have heard him preach realize that his impressive sermons have been to them an experience that will go with them through life. He was a great preacher and any city audience would have rejoiced to have sat under his preaching, but his love of our own people and of our own section was forcibly shown in his preaching. Feeling his call to preach the gospel, he chose to freely give his great talents and matchless eloquence to the people without any compensation in the performance of this duty as he saw it except the love of the people and surely to him was the commendation, "Well done thou good and faithful servant."

For several terms he represented the district in congress and his work there was an unceasing effort to benefit the people of his section. The removal of the enormous tax on quinine was one of the great material benefits he gave to the southern people. As a state legislator, he with the same zeal worked for his people. It is not necessary for us to say more here to express our appreciation for the life and love for the personality of our brother, a faithful citizen, a Christian gentleman, an able statesman, kind and sympathetic in all the relations of life, an earnest and loving preacher, he was adopted by the club and a flag set apart in the minutes of record and to be published in the Cartersville News.

Summer Hill Devils Win From Athens

Thomas James and Co., master-minded the attack to lead the Devils in a 13-0 assault on the union Inst. of Athens, Ga., While playing only on limited duty at Quarterback, because of back injury, James, a Sophomore, sized up the situation from the bench on two separate and distinct occasions and substituted himself, and sent regular Quarterback, Bennie Connor to left Half-Back. On the following plays, James maneuvered the squad into a feverish pitch and sent Bennie Connor from L. H. B. into the end zone, carrying the Blue and White in a blaze of glory.

Connor carried the mail in from 25 yds out in a spectacular run which saw blocking in one mass, and from this mass jumped the Blue and White so that no man could touch it. Conversion by Isaiah Miller was wide. Robert Beavers carried the mail on the quick opener into pay dirt after Johnny Fletcher, R. E., set up the T. D., and an end around reverse up to the 3 yd. line. P. A. T. was made by Bennie Connor on the same play which scored the first T. D.

Smith's body was found by Ward Mason, of Marietta, a "train" fireman on an N. C. & St. L. Railway freight train, alongside the tracks about 50 yards from a railroad switch. Mason notified Sheriff Atwood.
Coroner Gaines said that no marks were found on the body, outside of those where the body was severed. He said it is believed Smith had been run over about one hour before his body was discovered.
Smith was last seen alive at 10

Smith—to his wife, and a pistol. The tenor of the note indicated Smith planned suicide, Gaines said.
Reports Tuesday morning went to the effect that Smith worked the carnival playing the Bartow County Fair. The investigating officers found that this was not true but that Smith had been seen at the fair grounds trying to sell a pistol.
Smith's wife at Kingsport notified of his death. An undertaker from that city was to collect for the body Thursday evening.

Mrs. Shinall Dies At White

Mrs. Archie R. Shinall, member of the faculty of the White Elementary School, died suddenly at her home about 6:30 o'clock Wednesday evening, September 22.

Her husband was not at home at the time of her passing.

As the former Bernice Pressley, Mrs. Shinall has been a teacher in the Bartow County School System for the past three decades, and for several years past has been a member of the White School faculty. Her only brother is Dewitt Pressley, 20 Forest ave., Cartersville, and her only sister is Mrs. Alex Lusk, Cartersville Route 2. Other survivors are one niece and one nephew.

News of Mrs. Shinall's death comes as a great shock to a legion of friends. Although they realized her health had not been robust during recent years, she continued her duties as a teacher. Her husband is a son of a half-brother of Messrs. Rob and Roy Shinall, and is connected with some of Bartow's most prominent families. They had no children.

Mrs. Shinall was born in Cherokee County Aug. 8, 1898. She was the daughter of the late J. H. and Mary Etta Satterfield Pressley. She had spent most of her life in Bartow County. She was a member of the Peachtree Christian church, Atlanta.

Funeral services were held at 11 a. m. Friday, September 24, with the assistant pastor of the Peachtree Christian church officiating. Interment was in the Oak Hill cemetery, with the Owen Funeral Home in charge of arrangements.

Active pallbearers were Edward Satterfield, J. B. Satterfield, Lindsay Shinall, Troy Upshaw, J. M. Maxwell and Frank Foster.

Honorary pallbearers were listed as C. B. Perry, J. K. Headden, J. B. Mahan, L. F. Richards, Eugene Boyd, Harry Jarrett, J. R. Shurling, Ernest Bell, Carl Lewis and John L. Sullivan.

Annual Drive FB Members

Members of the Bartow County Farm Bureau, working in two or as individual solicitors, this week began the annual drive for members for the ensuing year. The Tribune News has been formed.

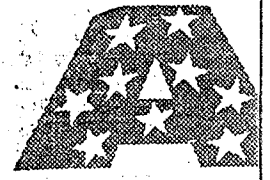

The goal for members in Bartow County was set at 326, and hoped by those participating in the drive that approximately that number of members can be obtained soon.

The Bartow County drive is being conducted simultaneously with such campaigns in 129 other counties. It was carried on in all 30 counties of the flue-cured tobacco belt a month ago.

Mrs. J. F. Fowler Has Broken Hip

Mrs. John Fletcher Fowler suffered a broken hip when she suddenly fell upon a waxed floor in the hall of her home early day morning, friends will regret.

Rushed to the Howell-Quinn Clinic, x-ray pictures disclosed definite and serious fracture. She has been carried to an Atlanta specialist for further examination and treatment.

present were Norman Norris and Ben Collier. Paul Layton and Fowler Cook were unable to attend. City Manager Earl Watkins and City Clerk Lamar Smith also participated in the meeting.

A delegation of five men, including Judge William A. Ingram, Thomas Simpson, S. Hightower, Dan O. Hubbard, and Jule Smith, presented, to the Council, a petition, protesting the unnecessary blowing of train whistles by the L. & N. Railroad, the N. C. & St. L. Railway and the Seaboard Air Line Railroad, especially at night.

The petition, signed by approximately 150 persons, was taken under advisement, and referred to City Attorney Warren Akin for study and further action.

The Council also changed the name of Gaines street to Red Comb drive, honoring the new feed mill concern which has located in Cartersville.

Henson Named Member On State Bar Group

W. Clayton Henson, of the firm of Finley & Henson, has been advised of his appointment to become a member of the special committee on judicial selection, tenure and compensation of the State Bar Association.

The appointment came from President Jack J. Flynt, of the State Bar Association, who was the successful candidate for congress in the 4th district race. He succeeds the late Sydney Camp.

Mr. Henson will serve on this important bar group along with Griffin Bell, as chairman, Joseph B. Cumming Augusta; Abit Nix, Athens, Georgia Oliver, Savannah, Cam D. Dorsey, Atlanta, James H. Fort, Columbus, and others.

To help farmers establish quick cover, grazing and forage crops in drouth-damaged areas, the Federal Government is offering to pay around 75 per cent of the cost of preparing the seedbed; and liming, fertilizing and seeding small grains, winter legumes, rye grass and fescue grasses this fall for grazing or hay. The cost-sharing rates for other ACP practices are about 50 per cent of cost. This special drouth-emergency practice applies to all counties in Georgia, Butler said.

No additional ACP funds have been allocated to this state or county for this practice, Butler explained, but a substantial amount of funds from the county's regular ACP allocations for 1954 and

Blue Devils Bow To Gainesville' H S.

The Summer Hill High School Blue Devils, (colored) bowed to Gainesville, Friday night, September 10, in a spine-tingling thriller, 2-0.

On a very wet field the game was fought toe-to-toe until late in the second quarter, when two penalties of 15 yards each, backed the Blue Devils up to their own one-yard line, where Bennie Conner, quarterback at the moment, handed Robert Lee Beavers the ball, who, though he ran it out to about the 7-yard line, stepped off the playing field behind his own end line, and thereby allowed the only score of the game.

Local standouts for the game were Bennie Slocum, Bennie Conner, Johnny Fletcher, Thomas James, Isaiah Miller and Robert Lee Beavers.

Woodward is as much interested in Watson's background—the conditions of the section which was his political stage—as in the man himself. His book, therefore, is both history and biography—scholarly, interesting, and elucidating.

Indicative of the detailed and exhaustive character of this work is the fact that the book contains more than five hundred pages, including a classified and annotated bibliography.

Mr. Woodward is assistant professor of social sciences in the University of Florida. A part of the work on this book was made possible by fellowship grants to the author by the General Education Board. Among those whom he thanks in his preface for assistance is the distinguished Dr. Howard W. Odum, of the University of North Carolina who gave, he says, "consistent encouragement and support."

Summer Hill "5" Title Winners In Northwest District

By SCHOOL-REPORTER

In one of the most hectic battles ever staged in the history of the Athletic Conference of Northwest Georgia, the Blue Devils of Summer Hill school, captured the much coveted trophy at the close of the tournament in the city gymnasium at Carrollton, Ga., last Saturday.

Early in the contest, Marietta bowed to Cartersville which placed her in the highest bracket awaiting the final round. It was the battling aces of Cedartown, one of the swiftest aggregations in North Georgia, but the Blue Devils were masters of the situation emerging victorious with a score of 30-22. The gold trophy was awarded to Cartersville with highest honors.

Dedecatory exercises for the new auditorium will be held at the school, Sunday, April 9, at 3:00 P. M. All citizens are cordially invited to attend.

from his preface:
 "It is usually a truism to say that the life of a man contains paradoxes. To say this of Tom Watson, however, is to make the only broad generalization one can make concerning the man. His life was a paradox. Especially is this true when the two parts of his career, divided by the interval of eight years that began in 1896, are contrasted. One can not arrive at any fair or true judgment of Watson by considering either of these two aspects of his life to the exclusion of the other. When a liberal journal fastens upon Watson the responsibility for the sinister forces of intolerance, superstition, prejudice, religious jingoism, and mobbism, it is indulging in half-truths as surely as does the veriest demagogue it denounces. NEGRO SCHOOL IS FORMALLY DEDICATED

Representatives of Rosenwald Fund Declare New Building Is One Of Best Ever Erected For Negroes In The South.

Mr. O. L. Smith, general representative in the South of the Julius Rosenwald fund, and Mr. W. D. Hill, of Atlanta, special state supervisor, were prominent visitors in Cartersville on Tuesday.

While in town, they were in consultation with Supt. L. C. Evans, and with him formally inspected the new school building recently erected for negro children in Cartersville.

Mr. Smith stated that this building was one of the best yet constructed anywhere in the South, and said he would take great pleasure in commending it to other towns, which hope to share in the Rosenwald fund. The local school was awarded a donation of \$1,500 from this fund, the negroes of the community raising \$1,500 and the City of Cartersville paying the rest of the building cost, estimated at between six and seven thousand dollars. The old building and lot on which it stood was sold, and from this transaction the city realized a neat sum making the actual net cost to the city government very low.

City Manager Cook cooperating

with Commissioner W. E. Peebles, and other city officials had charge of the construction work, and the building is said to be a model of efficiency, and one in which the utmost results were obtained for every dollar expended.

There are seven rooms in the building, six class rooms, and an auditorium 25 by 35 feet, equipped with a seating capacity that will afford ample accommodations for years to come for the colored children of the community.

The formal dedication took place recently and at that time the negroes gave expressions in unmistakable terms to the fine spirit manifested by the city officials, and the white citizens generally. They said they were so very grateful they were sure its effect would be a most lasting one, and that

as a result of the building and its equipment the negroes would always feel they were under special obligations to the citizens of Cartersville. As a special mark of respect, and going to show how much they appreciated

what he had done in connection with erecting this building, a committee representing the negroes and headed by W. H. Moore, called on City Manager Cook, and formally presented him with a gold token of their gratitude.

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exacting conditions and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires—that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

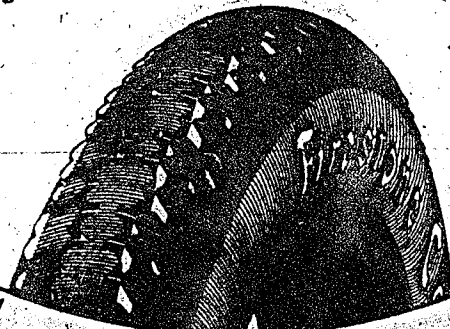

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have

been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Final Round-Up Meeting of Negroes Will be Held Next Monday Night.

The colored citizens of Cartersville will gather at Mt. Zion Baptist Church next Monday night at eight o'clock, in a mass meeting, the purpose of which is to making final announcements of the drive which the negroes have had on, during the past ninety days.

During that time, the negroes, with the assistance of their white friends, have raised something over one thousand dollars, which will entitle them to share in the Rosenwald fund to the ex-

tent of sixteen hundred dollars. This makes a total of over twenty-six hundred dollars, and there is possibility of the negroes making up a sum of three thousand dollars.

This money will be used as a nucleus, to be turned over to the city government which is expected to add sufficiently to it, providing funds for the erection of a modern school building for the negro children of the city schools.

W. R. Moore was general chairman of the drive, and to him the negroes are giving much credit for its success. He has asked The Tribune-News to extend his thanks, and the thanks of his people, for the generous support accorded them by the white people of the community. Without their aid, he says, it would have been impossible to accomplish all they done, and they take this means of expressing their gratitude for the attitude of their white friends towards them, in this, as well as similar worthy undertakings.

NEGROES PLAN TO RAISE LARGE SUM FOR SCHOOL

Have Declared Their Intention of Securing Pledges For \$1,500, With Promise of Good Sum From Other Funds.

The negroes of Cartersville have appointed a committee, headed by W. R. Moore, as chairman of the soliciting committee, with the idea in view of raising by voluntary pledges, a sum of not less than \$1,500. They have already secured a goodly portion of this amount, and over \$300 has been paid in cash.

They have been given assurance, The Tribune-News is reliably informed, of being able to participate in the Julius Rosenwald Fund, to the extent of of \$1,600, provided they do raise the \$1,500 they are now attempting to raise.

The city authorities, it is understood, have also agreed to augment this fund, and with the total amount the negroes hope to be in possession of a sum large enough to erect a school building in Cartersville adequate to their needs.

The committee makes the following appeal in this connection:

We are on the "home-stretch" of our first drive for our new school building. Come out February 22 and help us go over the top.

All-day barbecue and amusements galore at Brotherhood hall.

At night, mass meeting and concert at Mt. Zion Baptist church.

NEGRO SCHOOL IS FORMALLY DEDICATED

Representatives of Rosenwald Fund Declare
New Building Is One
Of Best Ever Erected
For Negroes In The
South.

Mr. O. L. Smith, general representative in the South of the Julius Rosenwald fund, and Mr. W. D. Hill, of Atlanta, special state supervisor, were prominent visitors in Cartersville on Tuesday.

While in town, they were in consultation with Supt. L. C. Evans, and with him formally inspected the new school building recently erected for negro children in Cartersville.

Mr. Smith stated that this building was one of the best yet constructed anywhere in the South, and said he would take great pleasure in commending it to other towns, which hope to share in the Rosenwald fund. The local school was awarded a donation of \$1,500 from this fund, the negroes of the community adding \$1500 and the City of Cartersville paying the rest of the building cost, estimated at between six and seven thousand dollars. The old building and lot on which it stood was sold, and from this transaction the city realized a neat sum making the actual net cost to the city government very low.

With Commissioner W. E. Furbess, and other city officials, had charge of the construction work, and the building is said to be a model of efficiency, and one in which the utmost results were obtained for every dollar expended.

There are seven rooms in the building, six class rooms, and an auditorium 27 by 35 feet, equipped with a seating capacity that will afford ample accommodations for years to come for the colored children of the community.

The formal dedication took place recently and at that time the negroes gave expressions in unmistakable terms to the fine spirit manifested by the city officials, and the white citizens generally. They said they were so very grateful they were sure its effect would be a most lasting one, and that

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exacting conditions and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires—that today **Most Miles per Dollar is the buying slogan of thinking motorists everywhere.**

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have

been developed by men whose life work is the production of constantly-increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy—choose your next tire on that basis.

COLORED SCHOOL NOW PROBABLE

Final Round-Up Meeting of Negroes Will be Held Next Monday Night.

The colored citizens of Cartersville will gather at Mt. Zion Baptist Church next Monday night at eight o'clock, in a mass meeting, the purpose of which is to making final announcements of the drive which the negroes have had on, during the past ninety days.

During that time, the negroes, with the assistance of their white friends, have raised something over one thousand dollars, which will entitle them to share in the Rosenwald fund to the ex-

tent of sixteen hundred dollars. This makes a total of over twenty-six hundred dollars, and there is possibility of the negroes making up a sum of three thousand dollars.

This money will be used as a nucleus, to be turned over to the city government which is expected to add sufficiently to it, providing funds for the erection of a modern school building for the negro children of the city schools.

W. R. Moore was general chairman of the drive, and to him the negroes are giving much credit for its success. He has asked The Tribune-News to extend his thanks, and the thanks of his people, for the generous support accorded them by the white people of the community. Without their aid, he says, it would have been impossible to accomplish all they done, and they take this means of expressing their gratitude for the attitude of their white friends towards them. In this, as well as similar worthy undertakings.
